

BIO-CUT PLUS

PRODUCT NAME

BIO-CUT PLUS

RECOMMENDED USE

Environmentally safe, water soluble diamond drill bit lubricant and clay inhibitor.

PRODUCT DESCRIPTION

BIO-CUT PLUS is a non-sheening, high performance replacement for petroleum based cutting oils.

BIO-CUT PLUS acts as an inhibitor when squeezing clays are encountered; it is particularly effective when mixed with DD-955.

BIO-CUT PLUS reduces downhole torque and vibration.

BIO-CUT PLUS protects against corrosion.

BIO-CUT PLUS provides an environmentally safe diesel fuel substitute for dispersing powdered polymers and pac's.

SUGGESTED DOSAGE

BIO-CUT PLUS mixes readily with water in quantities of 1 - 100 - 200.
